3. New open access book series “*Progress in Landslide Research and Technology (P-LRT)*” for KLC2020. Report of the publication of Vol.1, No.1 and No.2 in 2022, and ongoing publication of Vol.2, No.1, and call for articles to Vol.2, No.2 articles in 2023
4. IPL-KLC Awards and proposal for a new ICL Book Article Award
 - IPL-KLC Award for Success (Max three) (3,000 USD award) every three years (to be awarded at 6th WLF)
 - Hiroshi Fukuoka IPL award (one) (1,500 USD travel grant to attend the coming Forum) every three years (to be awarded at 6th WLF)
 - ICL Book Article Award (1-3 in different categories) for the Open Access Book Series “P-LRT” every year (Award: free BPC for 20 pages) under examination
5. IPL-KLC Award Committee is examined to be established to manage all IPL-KLC awards
IPL-KLC Award for success is selected from authors of P-LRT.
Based on the establishment of KLC2020, we may rename IPL award for success as the IPL-KLC Award for success, which includes IPL projects, WCOE and other KLC2020 activities. How to select IPL-KLC Award for Success and the ICL Book Article Award should be examined by the new IPL-KLC Award Committee.

*Note (current explanation): The IPL award will be given for three (max) success projects implemented within IPL at each World Landslide Forum by evaluating the previous 3-year activities. The achievement of IPL is much affected by the finances and the infrastructure of the developed or developing country. The IPL Award for Success aims not to select the **Best** IPL project but to select the **Successful** IPL projects relative to the group's circumstances.*
